

Finance Hero Launches: Your AI-Powered Financial Coach & Assistant

Philadelphia, PA – April 16, 2024 – Get ready to revolutionize your finances! Finance Hero, a groundbreaking financial management platform with a built-in AI-powered Personal Finance Assistant (PFA), officially launches today. This innovative app goes a step further by integrating an intelligent receipt tracking feature, making it the ultimate financial companion.

Effortless Financial Management

"Traditional finance management can be overwhelming," says Abhishek Gupta, CEO of Finance Hero. "Finance Hero cuts through the complexity. By providing a holistic view of your finances, actionable insights, and the guidance of our AI assistant, **we empower users to make informed decisions and achieve their financial goals.**"

The Power of Your AI-Powered Financial Coach & Assistant

Imagine having a financial expert readily available to answer your questions. That's the power of Finance Hero's PFA. Users can interact with the PFA conversationally, asking questions like "Can I afford this car?" or "What do I need to do to buy a house?" The PFA analyzes your financial data and goals, providing personalized recommendations and actionable steps to get you on track.

Introducing the Smart Receipt Tracker

Finance Hero takes financial management further with its innovative receipt tracking feature. Users can easily scan receipts using their smartphone camera within the app. The app automatically extracts key information like store name, date, individual item names, and prices. This data seamlessly integrates with expense tracking and the PFA, offering a wealth of benefits:

- **Effortless Expense Tracking:** Eliminate manual data entry and categorize expenses with ease.
- **Data-Driven Savings:** Gain insights into spending patterns and identify cheaper alternatives across stores.
- **Informed Budgeting:** Track individual item costs to create more accurate and realistic budgets.
- **Time-Saving Convenience:** Manage receipts digitally in one secure location, eliminating the need for physical storage.
